## **IFPD Officers Receive Honors**

The Idaho Falls Police Department honored four officers Wednesday for their initiative, dedication and professionalism in performing their duties.

Officers Ken Knoelk, Dax Siddoway, Spencer Steel and Brandon Storer all received a Commander's Commendation during the IFPD staff meeting.

Knoelk received his recognition for creating, researching and producing the monthly training letter and researching and writing numerous grants for the department. These grants allowed the department to obtain equipment and training that would otherwise have been outside the department's budget.

Officers Siddoway, Steel and Storer all received their recognition in connection to the Jan. 24, 2011 arrest of the suspects involved in the grand theft and burglary at Action Motor Sports. Through their work, these officers were effective in finding the suspects and recovering stolen property taken from the business.
