

A tiger is the central focus, sitting on a dirt path with sparse green grass. The tiger's orange fur with black stripes is clearly visible. Overlaid on the image are three text elements: a large title at the top, a date in the middle, and a time slot in a yellow box below the date. At the bottom, a dark green box contains a paragraph of text.

Endangered Species Day

May 21

1:00-4:00 p.m.

Extinction is forever! Learn about caring for some of the world's rarest animals and what you can do to support conservation. Event is included with paid zoo admission or TPZS membership.
