

TRAFFIC SIGNAL REMOVAL STUDY OPEN HOUSE

- ◆ **Tuesday, June 28th, 2016, 4:00 PM to 6:00 PM**
- ◆ **City Council Chambers, 680 Park Avenue, Idaho Falls**

There will be short informational presentations offered at 4:30 and at 5:30.

The City of Idaho Falls' Engineering Division will be hosting an Open House to gain citizen input on the potential removal of various traffic signals within Idaho Falls. This event is a great opportunity for the public to evaluate the details of the study results. Attendees will better understand the decision making process regarding the removal of existing traffic signals to improve the flow of traffic while preserving safety. We will have displays to browse with various facts about each signal location. We welcome written public comments from all who may be interested. Comment forms will be available at the meeting. Comments can also be emailed to: ifeng@idahofallsidaho.gov. You may also mail the comments or deliver them to the Public Works Department at 380 Constitution. You have until 5:00 PM July 8, 2016 to submit comments.
