Mayor Fuhriman requested Councilmember Hally to conduct a public hearing for consideration of a Planned Unit Development for a motel and storm water retention facilities north of 33rd South (Pioneer Road), west of Interstate 15, and south of Bellin Road, legally described as Sunnyside Crossroads Regional Center North, Division No. 1. At the request of Councilmember Hally, the City Clerk read the following memo from the Planning and Building Director:

City of Idaho Falls

MEMORANDUM

TO: Mayor and Council
FROM: Renée R. Magee, Planning and Building Director
SUBJECT: PLANNED UNIT DEVELOPMENT AND FINAL PLAT – SUNNYSIDE
 CROSSROADS REGIONAL CENTER NORTH, DIVISION NO. 1

Attached are the Development Agreement and Final Plat entitled Sunnyside Crossroads Regional Center North, Division No. 1, and the site plan for the Planned Unit Development. This Planned Unit Development and Final Plat are located on the northwest corner of the intersection of I-15 and 33rd North. The Planning Commission considered this request at its November 13, 2007 Meeting and recommended approval of the Planned Unit Development and Final Plat. This request is now being submitted to the Mayor and Council for consideration.

The Planning and Building Director explained that there is a requirement under the Planned Unit Development regulations that no building be taller than two stories. The Planning Commission considered this and determined that this was a commercial development. As this is at the I-15 Interchange with Sunnyside Road, residential development will not be close to this site. Therefore, the purpose for the Planned Unit Development provision is not fulfilled. Prior to the issuance of any permit, a variance would have to be approved by the Board of Adjustment or the height of the buildings would have to be reduced.

Daryl Kofoed, Mountain River Engineering, 1020 Lincoln Road, appeared to state that the Developer will appear before the Board of Adjustment to request a variance to the height of the buildings. As the off-ramp and on-ramp to I-15 are as tall as a three-story building, he felt that there should be no problem being granted that variance.

Councilmember Lehto requested to know the distance between the off-ramp and the entrance to the motel.

Mr. Kofoed stated that this is the access that was proposed by the State and complies with the State regulations. He stated that the entrance is approximately 500-600 feet from the off-ramp of I-15.

There being no further discussion either in favor of or in opposition to this request, Mayor Fuhrman closed the public hearing.

It was moved by Councilmember Hally, seconded by Councilmember Groberg, to approve the Development Agreement for Sunnyside Crossroads Regional Center North, Division No. 1 and, further, give authorization for the Mayor and City Clerk to execute the necessary documents. Roll call as follows:
