Fundraisers

Cherry Blossom Raffle

Whitney St. Michel will send an email to families of the group asking if each member would look at the draft website for the raffle and send in any suggestions. The website shows the 16 baskets she currently has ready for the raffle. Once the website is complete a person will purchase the number of tickets they want and then put down how many tickets they want to put in the drawing box for each basket.

She is going to make some revisions to the website. Whitney is still waiting to hear back from the city, so the credit card processing isn't set up yet. Whitney expects to have the auction go live on Friday.

As a reminder from previous meetings, we want to send Thank you notes to the people/companies that donated the auction prizes with an explanation of what happened to our original plans for the Cherry Blossom Festival and what we were doing now, with a link to the auction site.

We will need a volunteer to design a Cherry Blossom card that we can put this message into. I assume we will have to mail the thank you cards. So we will need a list of donors and mailing addresses.

MEMORANDUM

TO: Mayor and City Council

FROM: Brad Cramer, Director

RE: Coronavirus (CV) CDBG Funding Recommendations

Description, Background Information & Purpose

With the passing of the Coronavirus Aid, Relief, and Economic Security Act (CARES ACT) on March 27, 2020 the City of Idaho Falls is expecting to receive \$250,072 in the first round of FY2020 CV CDBG grant funds from the federally funded CDBG Program available through Housing and Urban Development (HUD).

In order to receive these funds, the City is completing a Substantial Amendment to their *FY2019 Community Development Block Grant (CDBG) Annual Action* and *Citizen Participation Plan(s)*. These Plan amendments are being completed simultaneously with the CV CDBG funding opportunity process and schedule.

Regarding the CV CDBG funding opportunity, a Notice to Apply for CV CDBG funds was advertised in the Post Register, distributed by email to past CDBG recipients and community social service providers, explained in Region 6 housing Coalition web meetings, and posted onto the City CDBG website. Organizations and agencies providing direct services to low and moderate income individuals, including elderly and disabled persons, affected by COVID 19, are the intended beneficiaries of CV CDBG funds.

To expedite the distribution of CV CDBG funds, HUD lifted and modified current application and distribution requirements to assist agencies and individuals that have been directly affected by COVID-19. Some changes to current HUD guidelines included suspending the 15% cap on public services activities, 30-day public comment reduced to 5-days, and eliminating in-person public hearings and allowing grantees the option of virtual hearings. New guidelines also allow HUD to waive further program requirements except for requirements related to fair housing, nondiscrimination, labor standards, and the environment.

Applications were accepted May 31 to June 14, 2020. Discussion on recommendations will take place at the work session on June 22, 2020. A public comment period will run June 22 - June 29, 2020. The resolution(s) regarding CV CDBG Allocated Activities/Projects, the Amended 2019 CDBG Annual Action Plan, and the Citizen Participation Plan will be presented to Council at the

July 9th regular meeting. The attached document outlines the staff recommendations for funding allocations.

Staff recommendation of the attached list of eligible activities is consistent with CV CDBG requirements of allocating funds to activities and projects that assist, address, and prevent COVID 19 and Infectious Disease. In addition, the proposed activities and projects help struggling agencies and organizations plan and address the “Post Pandemic Period” as it relates to increased needs such as food insecurities, unemployment, and housing needs due to not being able to make rent or house payments.

Further details and reasoning for the recommended activities and projects will be explained at the work session.
