

Choice Doc Provider Search and Filtering

- Go to bcidaho.com and select Find a Doctor located on the left side halfway down the page

FIND A DOCTOR

Hospitals & Offices,
Urgent Care, and Dental.

- From this page do the following:
 - Select PPO from the network selection
 - Enter a city and state, or zip code
 - Input either a name of a provider or Browse by category

- For this example, Medical Care and then Family Medicine were selected (*Can be done on any other provider searches*)
 - This brings up a list of all PPO in-network providers
- To filter Choice Docs Tier and adjust search radius (50 miles is default)
 - Click on down arrow by "All Tiers"
 - Select Choice Doc
- To add accepting new patients click in box before "Accepting New Patients"
- To reduce or expand search radius click the down arrow by the miles listed

- The way Choice Docs is identified is with the following listed on the right side of the providers profile
