8-2-5: PURPOSE OF FUEL FLOWAGE FEES: The City Council finds and declares as follows:

(A) The City provides and maintains runways, taxiways, ramps, lights and runway lighting systems at the Airport and such services as runway, taxiway and lamp snow removal for all aircraft operating to or from, or otherwise using, the Idaho Falls Regional Airport, which facilities and services are funded in part by ad valorem property taxes, and

(B) Commercial aircraft operating to or from, or otherwise using, the Airport currently pay landing fees that defray a portion of the cost of providing such facilities, and

(C) General aviation aircraft currently use or benefit from such facilities and services, but do not pay landing fees;

(D) It is inequitable to fund the entire cost of providing and maintaining such facilities and services solely from revenues derived from ad valorem property taxes and commercial landing fees, and

(E) The need for such facilities and services and the cost of providing and maintaining the same are proportional to the size of the aircraft using the Airport and the frequency with which such aircraft use the Airport, and

(F) The fuel requirements of aircraft using the Airport are also proportional to the size of such aircraft and the frequency with which they use the Airport, and

(G) General aviation aircraft operating to or from, or otherwise using, the Airport require and use facilities and services provided and maintained by the City and such general aviation aircraft should therefor pay a portion of the cost thereof, and

(H) The City has the authority pursuant to Idaho Code Section 63-2201A to impose and cause to be collected fees for services which would otherwise be funded by ad valorem tax revenues. (Ord. 3003, 04-23-15)
