

Notice Regarding Wellness Programs

The City of Idaho Falls Wellness Program is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others.

If you choose to participate in the wellness program, you will be asked to complete a voluntary preventive care visit with your physician, which may include a biometric screening (Height, Weight, Body Mass Index (BMI), Blood Pressure, Total Cholesterol, HDL, and Glucose). The results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks.

Employees who choose to complete the preventive screening will be eligible to receive an incentive of either a \$1,000 reduced deductible (PPO plan) or a \$1,000 HSA contribution (HSA plan).

If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Human Resources.
