#### Conditions of Permit

- Contractor shall comply with all licensing requirements of Title 4, Chapter 5 of the City of Idaho Falls Code of Ordinances.
- Contractor shall comply with all permit requirements of Title 8, Chapter 7 of said Code.
- The Utility Owner shall submit Plans for any Utility Main Line to the City Engineer for approval and "As-Built Drawings" after construction to the Engineering Division.
- The Contractor shall notify the Street Division at least One (1) Working Day and no more than Seven (7) Working Days in advance of any work.
- Permanent pavement patches shall be made within Three (3) days of backfill in accordance with City Code 8-7-8 unless otherwise approved by the City Engineer. Temporary pavement patches may be required by the City Engineer.
- Permittee warrants the adequacy and continued satisfactory condition and function of any backfill and/or permanent patch installed by Permittee under this permit for a period of One (1) year after they have been accepted by the City Engineer.
- All work described herein shall be performed in accordance with the current Building Code, Electrical Code, City of Idaho Falls Standard Drawing and Specifications or other applicable Ordinances. Any work not conforming to these conditions may be corrected by the City of Idaho Falls and the cost of such corrective work may be billed to the Permittee.
- Issuance of this Permit only allows Construction and/or Excavation within a Public Right-Of-Way or Easement for the Improvements Indicated Above, and does not relieve Permittee from the responsibility to obtain a Building Permit, Special Use Permit, Variance or other Approval By Law. All work shall comply with erosion control requirements of Title 8, Chapter 14 of the Code of Ordinances.
- The Contractor shall notify the Street Div. at (208) 612-8490 for a final inspection of completed work.
