Unless an expired license is renewed within one (1) year of its expiration, the contractor shall be required to make a new application and satisfy all of the then-existing contractor licensing requirements. The failure to receive a renewal application shall not excuse untimely license renewal.

(B) During the annual renewal period, a licensed contractor that has completed the annual requirement for continuing education may, upon the payment in an amount set from time to time by Resolution of the Council, have the contractor's license declared inactive. No building permit shall be issued to a contractor with an inactive license. (D) When a contractor's license is revoked, a new license shall not be granted until the contractor has first passed an examination as required by Section 4-7-10 and has provided the City or its designated agent with satisfactory evidence that a new license should be issued. If the contractor's license was revoked as a result of a Code-related violation, such contractor may not be re-licensed unless the City determines that the violation has been corrected.

(C) The Director shall expeditiously process all license applications. A three person panel shall be appointed by the Mayor and approved by the City Council to hear any contractor discipline which involves a suspension or revocation of a contractor's license. This three person hearing panel shall consist of one building official and two licensed contractors. (B) Suspension of the contractor's license for a fixed period exceeding 90 days, provided, however, the contractor shall have the right to have the suspension and the terms thereof reconsidered by the hearing panel at the expiration of the first 90 days and every 90 days thereafter to determine if just cause exists to modify or terminate the suspension. Such reconsideration may, at the hearing panel's option, include a hearing.
