Leaves should be piled on the street next to the curb and cars should be parked off the street by date specified above. Do not pile limbs and branches with your leaves.

This schedule will be repeated, weather and time permitting, as the leaves accumulate and conditions warrant. Anyone living outside these boundaries may contact the Street Division Office at 208-612-8490 to request leaf collection in their area. Schedule may vary slightly due to workload.

Please be aware, by City ordinance 8-9-11, property owners must keep their trees trimmed 13' above the street surface at the curb and 15' at the centerline of the street surface. This allows the sweepers room to travel under the trees without damage to the equipment or to the trees.

Leaves collected will be made available to the general public as mulch at a later date.
